ABOUT UNIVERSIDAD DE SAN ANDRÉS

Founded in 1989 by the Scottish Community in Argentina and inspired by the pedagogical system of the liberal arts colleges, the Universidad de San Andrés is a privately-owned, not-for-profit institution with a complete academic offering in various fields. Its mission is to build an academic community of professors, students, and alumni motivated by the search for truth and contributing to progress in Argentina and to the well-being of its citizens.

With more than 7,500 students enrolled, Universidad de San Andrés provides the possibility of studying with professors who conduct cutting-edge research and were trained at some of the best universities in the world. It is one of the few universities in Argentina with a large, full-time faculty who hold regular office hours and provide personal attention to answer student questions and concerns. Most faculty members hold Ph.D. degrees from international universities, and a majority have had experience teaching abroad.

Our main Campus is located in Victoria, 40 min from Buenos Aires. With 7 green hectares, nature and technological innovation are combined to create an environment ideal for high performance within a true university spirit. Since 2019, we are bringing our educational quality also to the City of Buenos Aires at 4 centrally located sites: Riobamba 1276, Peru 352, Suipacha 1333 and Callao 1055.
A new Campus in Nordelta, an innovative architectural project connecting education and industry.

Each department reserves the right to admit or not exchange students for their classes. Some graduate programs require prior work experience.
